## Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2010 - December 31, 2010

Filing Confirmation Number: 0004576321

Filing Deadline: January 18, 2011

FRN: 0005087002

Filing Date: 01/18/2011 12:15 PM

### General Report Information

#### Type of Company

Service Provider

#### De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

#### Company Information

Company Name: Vitelcom Cellular, Inc.

Brand Names: Innovative Wireless

PO Box: 6100

Street Address:

City: St. Thomas

State: VI

Zip Code: 00801

Contact Name: Peter Hayden

Contact Phone: (340) 715-9256

Contact Fax: (340) 774-2555

Contact Email: Peter.Hayden@innovativevi.net

#### Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

#### Product Labeling

Do all hearing aid-compatible handsets include labeling? No

Explain: This was not addressed within the last 2 weeks of 2010. Our HAC compliant phones were not labeled by the manufacturer. Labels are being created and applied to the packaging of all HAC phones this month (January 2011).

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? No

Explain: This was not addressed within the last 2 weeks of 2010. Our HAC compliant phones were not labeled by the manufacturer. Labels are being created and applied to the packaging of all HAC phones this month (January 2011).

## Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? No

Website address:

Explain: This was not addressed within the last 2 weeks of 2010. A new HAC page will operational this month (January 2011).

## Consumer Outreach

Describe consumer outreach efforts in the past 12 months: We fell within the de minimis exception for all of the year but a small portion of 2010 when we launched our GSM network during the last two weeks of December. We are now working on consumer outreach efforts for HAC.

## Methodology for Functionality Levels

- Smart Phones: Phones that operate on the Internet with high speed. Also includes higher features that may include: Blue-tooth, Wi-Fi, Calendar, memory card slot, Touch Screen and High Res camera. May also operate on the following platforms: Windows, BlackBerry, and Android
- High End WAP phones: Phones that operated through a WAP browser but may utilize Touch Screen, High Res Camera, and Memory card slot.
- Low End WAP Phones: Phones that operated through a WAP browser, and are primarily used for talk and text.

## Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 15

| Air Interface | Fully Hearing Aid Compatible |         | Acoustic Coupling Compatible Only |         | Non-Compliant Handsets |         | Total by Air Interface |
|---------------|------------------------------|---------|-----------------------------------|---------|------------------------|---------|------------------------|
|               | Number                       | Percent | Number                            | Percent | Number                 | Percent |                        |
| GSM           | 3                            | 21%     | 4                                 | 29%     | 7                      | 50%     | 14                     |
| WCDMA         | 3                            | 43%     | 3                                 | 43%     | 1                      | 14%     | 7                      |
| TDMA          |                              |         |                                   |         | 1                      | 100%    | 1                      |

## Handset 1: Samsung i637 Jack

### Handset Maker

Samsung

### Handset Model Name

i637 Jack

### FCC ID

a3lsghi637

### Air Interfaces/Frequency Bands

850 MHz GSM

850 MHz WCDMA

1900 MHz GSM

1900 MHz WCDMA

**Additional Air Interfaces and Frequency Bands**

Is this handset capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards? Yes

**Dates**

This handset model was offered from: 12/10 to 12/10

**Ratings**

M-Rating: M3

T-Rating:

**Functionality Level**

Smart Phone

**Remarks**
